Hi everyone,

Email is now fixed. Please keep my cell in case we have issues again 734-512-9110. I know a lot of you work but for those who don't and want to help get the petition signed we need to get trained. The training date has been changed to this Friday at 10:00. The gentlemen who is doing the training has doctor appointments on Thursday. The address where the training is being held is 40500 Ann Arbor Suite 100. It's right off of 275. It takes me about 10-15 minutes to get there. Please email me back and let me know if you can go. We need at least 10 people in order for him to do the training.

Thanks,
Shawnn Maxwell
