Subject: Union news

Please forward this to our crew. Thanks

There was a union meeting for reps tonight. Fact finding continues. There are six more dates schedule. Testimony is to be completed but mid-February and the fact finders recommendations should be made by late February. It get complicated after that, but the union will be sending an update which will be forwarded to you. We can always meet if needed. Other info included new that sick days will be returned to people who had to take sick time during the work stoppage. Rumor also has it the district will be paying people who crossed the picket lines for the extra mak e-up days.

Please remind any Wayne Westland parents about the recall petitions. The recall committee is having a rally at the VFW hall on Wayne Rd. on Sunday from 1:00-4:00. They are also at Beaver Creek on Fridays at 4:00. These are times to sign petitions and to pick up petitions to circulate. Evelyn recommends WWEA members who are residents not sign

or be directly responsible for petitions. Rather they should make sure petitions get to neighbors, family, etc. who can circulate them. You are within your rights to do so, but she is worried about repercussions.
