Subject: RE: CAP Committee Decision

Good Morning,

On behalf of my members of the Wayne-Westland EA, I would like to thank each and everyone of you for your outpouring of support. It means the world to us during this extremely difficult time. Once the final decision was made to release the CAP funds to Wayne-Westland, the burden of calling for a work stoppage was lifted.

We are bargaining on Thursday, Friday, and Monday. If no progress is made our 30 day extension expires on October 1 at midnight.

In Solidarity,

Nancy

Subject: CAP Committee Decision

Good Afternoon,

Just a follow-up to our Board discussion on Friday. The CAP Committee did meet on Saturday after the Board ended and decided that consistent with their prior decision, CAP benefits would be available to those persons who might be fired or locked out of their positions at the same level as if they remained on strike.

This has been communicated to the leaders and staff involved in Wayne-Westland. Our positive thoughts and continued support go out to those members in Wayne-Westland.
