Subject: Sure do fell silly with this button on!!! UNITY????

Nancy,

I wrote to Evelyn a few days ago asking about a timeline for information on this extension we are working under. I asked for SOME info, not a complete discourse of information. As of yet I have not received any response. Nobody knows anything.

We were told go back to work under the same conditions we opposed and were willing to stop work for. There are 36, 37, 38 and 39 kids in classes at Glenn. They are gathering all furniture in the building for computers to make the labs up to 36!

Those I am close to in the bulding feel we lost community support by returning to work...WE HAD THEIR SUPPORT. I wear my UNITY button each day...(I wish I saw more in my building...but I don't) I don't feel the overall UNITY we had before returning to school. I see and hear digruntledness (if that is a word) among the staff about the class size and being here without a contract. My colleagues and I are feeling left in the dark about what is coming or what could be done if we don't like the "proposal" from the district.

I FEAR WE WILL END UP LOSING AFTER WE HAD SUCH A GOOD START IN THIS FIGHT FOR EQUALITY AND RESPECT.

The membership needs SOMETHING...please advise...send an update...a robo call...SOMETHING!!!!!!!!!!!!!!

KJG
